Address: Galtenesvegen 93B, 5918 Frekhaug

SUMMARY

I'm a junior frontend developer with experience since 2022, creating adaptive and visually appealing websites that combine development and web design. I have strong skills in HTML, CSS, JavaScript, and design tools like Figma and Adobe. My background in design helps me better understand teamwork and how design translates into code.

I'm committed to delivering excellent user experiences and am always eager to learn new things for personal and professional growth. Currently, I'm studying Norwegian and English to expand my language skills, and I plan to learn Node.js, TypeScript, React, and Angular to work with modern web technologies.

Outside of work, I enjoy fishing, an active lifestyle, and spending sunny days outdoors. I also like meeting new people, volunteering, and enjoying nature — these moments inspire and energize me for further growth.

SKILLS, TOOLS & TECHNOLOGIES

HTML CSS SASS PUG JAVASCRIPT
GIT & GITHUB VS CODE STACKBLITZ
WEBSTORM VERCEL ADOBE FIGMA
UI/UX DESIGN RESPONSIVE DESIGN
USABILITY BASIC UI/UX

LEARNING NOW

ADVANCED JAVASCRIPT   REACT

PLANNING TO LEARN

TYPESCRIPT NODE.JS REACT NATIVE
EXPRESS.JS MONGODB SQL DEVOPS
QA AUTOMATION JAVASCRIPT

EXPERIENCE

Aug 2023 - 2024   **Freelance - Junior Front -end Developer**

Developed a personal website for an astrologer to promote their services online. Created a portfolio showcasing other completed course projects as well as personal projects.

Aug 2023 - 2024   **Freelance - Junior UI/UX Designer**

Developed the design of a mobile application that generates healthy recipes based on the ingredients available at home.
The app instantly creates recipes tailored to Latin American cuisine using only the available ingredients.

Mai 2023 - 2024   **Freelance - Project Manager**

At the initial stage, I acted as a Project Manager consulting on the creation of a platform — a marketplace for lead generation and sales of Telegram channels and advertising in the online space. The platform serves as a guarantor for transactions. Conducted initial negotiations and detailed discussions about the project, including all business nuances and their vision. Performed market and competitor analysis. Oversaw the initial implementation stages in Figma. Formed the team. And much more.

COURSES

Mai 2025 - Now   **Hillel IT School – Front-End Advanced**

The Advanced Front-End course, where I am gaining in-depth knowledge of JavaScript (ES6+) with modern syntax and concepts. I am learning to build single-page applications (SPA) using React and working with TypeScript to improve code reliability. I am gaining experience in managing application state with Redux, configuring builds, and optimizing resources using Webpack. I am also studying interaction with REST APIs, basics of testing to ensure code quality, as well as version control and collaborative work using Git and GitHub.

Apr 2025 - Now   **Glode Programmering – Web Development**

I'm currently attending the Glob Programmering course in Norway, which is taught in Norwegian and focuses on the fundamentals of modern web development. The course covers HTML, CSS, JavaScript, and responsive design, with an emphasis on practical, hands-on learning and real project implementation. It helps me build a strong foundation in front-end development and improve my coding workflow.

Jul 2024 - Nov 2024   **Hillel IT School – Motion Design**

Jul 2022 - Oct 2022   **Hillel IT School – Front-end Basic**

Jan 2022 - Apr 2022   **Hillel IT School – UI/UX Design Besic**

EDUCATION

Sep 2016 - jun 2020   **Academy of Personnel Management - a Bachelor's degree in Law**

OTHER

Sometimes I volunteer; I also did volunteer work at Knarvik Mila 2024
I am currently studying Norwegian and English.

LANGUAGE

Norwegian, English (beginner)
Ukrainian, Russian (native)
